Work History

2022-04 - Current

IT Tutor With Experience in HTML/CSS, JavaScript
WyzAnt Tutoring, Mason, OH
- Collaborated with students to complete homework assignments, identify lagging skills and correct weaknesses.
- Helped students prepare for tests and exams by providing guidance, motivation and encouragement.
- Developed student confidence through positive reinforcement strategies.
- Coded websites using HTML, CSS, JavaScript and jQuery languages

2021-11 - Current

Freelancer
Upwork.com

Was helping client on making optimizing web page and client's content to be easily discoverable by users searching using Wordpress.

2018-02 - 2018-03

Volunteer
High School, Cincinnati, OH

- Tutored one student on how to align menu items horizontally centered in the header. I used some learning strategies. For example, I implemented fun and educational activities to make the student feel comfortable in an online classroom. This was because environmental factors can affect critical thinking which is very important in programming. The student is now able to align menu items correctly.
- Volunteered with groups and organizations to help make measurable differences for program recipients.
- Engaged in community outreach to support program mission.

Education
